### EXAMINER'S AMENDMENT

- Applicant's Amendment filed
- Claims 1, 8, 12, 15, 16, 18-22 have been amended.
- Claims 1-26 are allowed.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allison Tulino on 7/28/2005.

The application has been amended as follows:

- Claim 1, line 9: "terminal (11)" has been changed to - - terminal (6) - -
- Claim 12, line 15; claim 15, line 16; claim 19, line 11: - - through the data network - - has been added after "connection"
- Claim 16, line 17: "between each other" has been changed to - - through the data network - -

Art Unit: 2662

2. The following is an examiner's statement of reasons for allowance:

- Regarding claims 1, 8, and 18,

The prior art of record does not teach or fairly suggest a method of activating an inactive terminal of a data network which has not yet established a connection through the data network by terminating the telephone call to the terminal by a server of the data network and establishing a connection from the terminal to the data network if the signaling indicates that the telephone call came from the server of the data network.

- Regarding claims 12, 15, 16, and 19,

The prior art of record does not teach or fairly suggest an adapter unit establishing a call to a further adapter unit through the data network by identifying that the call is arriving from the server of the data network and preventing the telephone from receiving the call until the adapter unit and the further adapter unit establish a connection through the data network by identifying the network address of the further adapter unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
